

# CD SOLDERING STATION

# **CD / SOLDERING STATION**

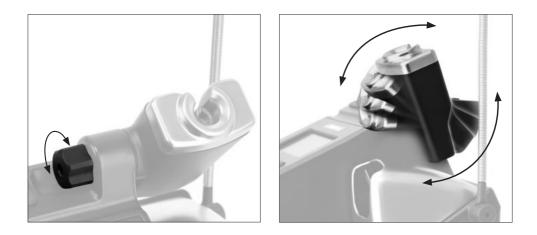

#### INSTALLATION

# PART NAMES

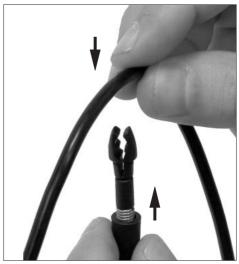

# **ADJUSTABLE STAND**

# CABLE COLLECTOR

### **CLEANNING OPTIONS**

Full set of clean option: sponge, metal wool and brush

#### S0331 Sponge

S0354 Sponge

The smoothest cleaning method. The sponge has to be kept wet (not soaked) using distilled water.

#### CL6205 Inox Wool

Provides a deeper cleaning on the tip.

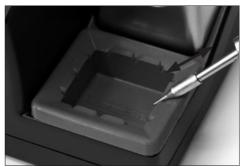

Tap smoothly the cartridge on the wiper profile to remove the excess of solder

#### CL6220 Brushes

More agressive on the tip than the wool.

#### WIPING

Use the slots to wipe any posible particle sticked on the tip

### TAPPING

# **QUICK TIP CHANGER**

Full set of clean option: sponge, metal wool and brush

Pull slightly to remove the cartridge

Push gently and place a new one

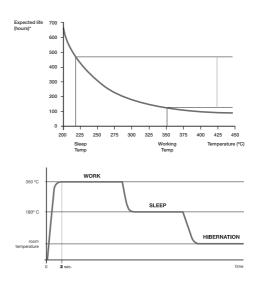

# **HEAT MANAGEMENT**

JBC stations intelligently manage the tool temperature and it helps to extended the tip life:

**Work mode:** Lift tool from the stand and the tool tip heats up to the selected temperature.

**Sleep mode:** When the tool is in the stand, the temperature reduces (preset sleep temperature is 180°C / 360°F).

**Hibernation mode:** After longer periods of inactivity (pre-set to 30 minutes), the power is cut off and the tool cools down to room temperature.

Heat management increase tip life which reduces cost of ownership.

#### **TECHNICAL SPECIFICATIONS**

- Temperature selection from 90°C (190°F) to 450°C (840°F) (±5%).
- Output Peak Power: 130W.
- Safety transformer, mains separator and double isolation.
- CD-2BB / CD-2SB 230V 50/60Hz. Input fuse: 1A. Output: 23,5V.
- CD-1BB / CD-1SB 120V 50/60Hz. Input fuse: 2A. Output: 23,5V.
- CD-9BB / CD-9SB 100V 50/60Hz. Input fuse: 2A. Output: 23,5V.
- Total weight of unit: 2,6 Kg.
- Complies with CE standards on electrical safety, electromagnetic compatibility and ESD protected housing "skin effect".
- RoHS compliant.
- Equipotential connector and the tool tip are connected to station mains ground supply for ESD protection.

This product should not be thrown in the garbage.

#### WARRANTY

JBC's 2 years warranty guarantees this equipment against all manufacturing defects, covering the replacement of defective parts and all necessary labour.

Warranty does not cover product wear due to use or mis-use.

In order for the warranty to be valid, equipment must be returned, postage paid, to the dealer where it was purchased enclosing this fully filled in, sheet.
